## THE SCHEME THAT FAILED.

LENGTH, 675 FEET.

PRICE, \$74.25.

**The Abduction:** Through a forged letter the daughter of a rich banker is enticed from home.

**The Demand for Ransom:** The black hand sent a demand for \$10,000 to the banker, who turns the letter over to the detectives.

**Comparing Thumb Marks:** The first letter as well as the demand for the money carries the same thumb mark. Through this impression the criminal is detected, as his record in the Rogue's Gallery carries the same thumb mark.

**The Thug's Retreat:** The young girl is put in a dingy little room where she is maltreated by the abductors.

**The Trail of the Sleuth:** The detectives soon find the trail of the criminals. Through clever work they gain entrance into the den.

**The Rescue and Arrest:** The criminals are overpowered and the girl is rescued.

A very sensational film full of action.
